This is just a suggested intake form and suppliers can model one to fit their particular type of business. For example, if you are providing oxygen, there may be certain questions you need to ask regarding oxygen patients, or, if you are providing wheelchairs, there may be certain questions pertinent to wheelchairs. These are the basic questions to aid you in compiling information at the time of intake. This form does not in any way replace obtaining an Advance Beneficiary Notice (ABN), if there is reason to believe the item(s) may be denied due to medical necessity reasons. Please refer to the DME MAC Jurisdiction B Supplier Manual, Chapter 3, for information about same/similar equipment and ABNs and the Limitation of Liability section in Chapter 6, for more information.
