Upcoming Webinars/Online Education Courses - Scott

  - CPAP I will be more general in nature focusing on the LCD guidelines
  - CPAP II will provide detailed examples of documentation and current error rates information
- POE is currently working on the “Welcome to Medicare” online education series which will consist of 10 segments, each covering a different Medicare topic such as Place of Service, Billing for Upgrades, OPR, MSP, etc. The OECs will go live before the end of the year.

PWK - Scott

- PWK segment is a way to submit paper documentation by fax or mail along with your electronic claim before it is requested by the DME MAC.
- To submit PWK documentation with your claim you must complete the PWK segment with a value of BM (mailing in documentation) or FX (if faxing documentation).
- The PWK Fax/Mail Sheet must be completed and included with your mailed or faxed documentation.
- PWK is only for use with claims that are submitted electronically
- CGS will be accepting PWK submissions on October 1, 2012

K0005 Clarification - Scott

- On September 11, 2012 CMS published MLN Matters Article SE 1233 which is effective on March 1, 2013
- The article is a clarification of quality standards and accreditation requirements for ultra lightweight manual wheelchairs (K0005)
- On or after March 1, 2013 a supplier must employ a RESNA certified Assistive Technology Professional (ATP) in order to bill for the K0005

PMD PA Updates - Michael

- PMD PA project began September 1, 2012
- CGS has received several PMD PA submissions but many were rejected because the DOS of the order was prior to September 1, 2012
- CGS will be sending up to date information on the PMD PA project to suppliers via the List Serv on a regular basis. These List Servs will discuss the number of submissions CGS is receiving and common reasons for rejections.

Q&A - All

Positive feedback was given regarding the use of real documentation examples during the POE Team’s Mega workshops. This documentation gives suppliers a chance to discuss common errors and way to avoid errors in the future

Meeting Adjourned 4:04 PM. CST
