Medicare Basics

Four Parts of the Medicare Program

- Part A: Hospital coverage
 - Part B: Medical coverage
 - Part C: Medicare Advantage Plans
 - Part D: Prescription Drug Coverage
- Traditional Medicare**

Traditional Medicare vs. Medicare Advantage

- Medical Advantage plans are an alternative to traditional Medicare
 - They are not a supplement; they replace a patient's traditional Medicare coverage.
- **Because they act as a replacement product, traditional Medicare cannot answer claim or coverage-related questions on behalf on a Medicare Advantage plan.**
 - Such inquiries must be directed to the individual Medicare Advantage Plan.
- The myCGS Web portal provides additional information as to whether a patient is enrolled in a Medical Advantage plan

Traditional Medicare vs. Medicare Advantage

- The Eligibility tab in myCGS is used to find out information specific to your patients BEFORE claims are submitted!

<https://www.cgsmedicare.com/pdf/mycgs/chapter4.pdf>

- Another health plan may pay in place of Medicare
 - Submit claims directly to the Medicare Advantage plan

The screenshot shows the myCGS web application interface. The top navigation bar includes links for Home, Claims, Medical Review, Remittance, Eligibility (highlighted), MBI Lookup, Financial Tools, Messages, Forms, Support, Admin, and My Account. Below the navigation bar, there are fields for User and Provider, and a notification that says "You have 121 unread message(s) and 0 alerts." A Help button is also present. The main content area has a tabbed interface with tabs for Inquiry, Eligibility, Deductibles/Caps, Preventive, Plan Coverage (highlighted), MSP, Hospice/Home Health, Inpatient, and QMB. The Plan Coverage section displays information for a patient named Ficiary, Ben E (XXXXXXXXXX). Below this, there are two sections: Medicare Advantage and Medicare Part D, each showing details for a specific plan.

How does Medicare Coordinate with Other Health Plans?

- Medicare Secondary Payer (MSP)
 - Another health plan may pay **before** Medicare
 - Examples: Working Aged, Liability Insurance, Workers Compensation
 - Medicare processes claim after the primary payer
- Supplemental Plans
 - Additional health insurance coverage may pay **after** Medicare
 - Examples: Medigap plans, Medicaid, complementary crossovers

Opioid Treatment Program (OTP) Coverage

The SUPPORT for Patients and Communities Act

- Section 2005 of the *Substance Use-Disorder Prevention That Promotes Opioid Recovery and Treatment for Patients and Communities (SUPPORT) Act*
 - New Medicare Part B benefit for Opioid Use Disorder (OUD) treatment services furnished by OTPs on or after January 1, 2020.
- The statute allows implementation, “through one or more bundles based on
 - the type of medication provided (such as buprenorphine, methadone, naltrexone, or a new innovative drug),
 - the frequency of services,
 - the scope of services furnished,
 - characteristics of the individuals furnished such services, or
 - other factors as the Secretary determine[s] appropriate.”

OTP Background

- OTPs provide medication-assisted treatment for people diagnosed with an OUD.
- OTPs must be certified by the Substance Abuse and Mental Health Services Administration (SAMHSA) and accredited by an independent, SAMHSA-approved accrediting body.
 - Approved Certified OTPs <https://dpt2.samhsa.gov/treatment/directory.aspx>
- For SAMHSA certification, OTPs must comply with all pertinent state laws and regulations and all regulations enforced by the Drug Enforcement Administration.

OTP Background

- Medicare previously covered office-based opioid treatment with buprenorphine and naltrexone
 - Historically, has not covered services furnished in OTPs, which are the only entities authorized to use methadone to treat OUD.
- Beginning January 1, 2020, Medicare coverage of OTPs is a new benefit that we anticipate will expand access to care.
- No other provider or supplier type except for an OTP can bill for OTP services.
 - Physicians and other practitioners in the office setting may bill bundled payment codes and payment rates under the PFS for an episode of OUD treatment.

Definition of an OTP

- Enrolled in Medicare
- Fully certified by SAMHSA
- Accredited by an accrediting body approved by SAMHSA
- Meets such additional conditions as the Secretary may find necessary to ensure:
 - The health and safety of individuals being furnished services under such program
 - The effective and efficient furnishing of such services

OTP Enrollment

- OTP providers should enroll in Medicare **now** to be able to bill Medicare for OTP services beginning January 1, 2020
 - Note: OTPs fully-certified by SAMHSA and accredited by a SAMHSA-approved accrediting body can start enrolling in the Medicare program so they can bill for services starting January 1, 2020
- OTPs Medicare Enrollment Fact Sheet
 - <https://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNProducts/Downloads/OTP-enrollment-factsheet-MLN6325432.PDF>

OTP Services

- OUD treatment services provided by OTPs includes the following:
 - U.S. Food and Drug Administration (FDA)-approved opioid agonist and antagonist medications for the treatment of OUD
 - Dispensing and administering such medications (if applicable)
 - Substance use counseling
 - Individual and group therapy
 - Toxicology testing, including presumptive and definitive testing
 - Intake activities
 - Periodic assessments

OTP Coding and Payment

HCPSC Codes	Short Descriptions
G2067	Medication assisted treatment, methadone
G2068	Medication assisted treatment, buprenorphine (oral)
G2069	Medication assisted treatment, buprenorphine (injectable)
G2070	Medication assisted treatment, buprenorphine (implant insertion)
G2071	Medication assisted treatment, buprenorphine (implant removal)
G2072	Medication assisted treatment, buprenorphine (implant insertion and removal)
G2073	Medication assisted treatment, naltrexone

- Refer to OTPs Medicare Billing and Payment Fact Sheet for full descriptions
 - <https://www.cms.gov/files/document/otp-billing-and-payment-fact-sheet>
 - Submit G-codes with Place of Service (POS) code 58, which represents a Non-residential Opioid Treatment Facility

OTP Coding and Payment

HCPCS Codes	Short Descriptions
G2074	Medication assisted treatment, weekly bundle not including the drug
G2075	Medication assisted treatment, medication not otherwise specified
G2076	Intake activities
G2077	Periodic assessments
G2078	Take-home supply of methadone
G2079	Take-home supply of buprenorphine (oral)
G2080	Additional counseling furnished

- Refer to OTPs Medicare Billing and Payment Fact Sheet for full descriptions
 - <https://www.cms.gov/files/document/otp-billing-and-payment-fact-sheet>
 - Submit G-codes with Place of Service (POS) code 58, which represents a Non-residential Opioid Treatment Facility

OTP Coding and Payment

- OTPs can only bill Medicare using the specific codes for OTP services
 - OTPs cannot bill Medicare for non-OTP services
- Coding structure for OUD treatment services includes non-drug services and varies by the medication administered
 - Weekly (a 7-day contiguous period) bundles
 - Only one weekly G-code can be billed in any 7-day contiguous period per beneficiary except in limited clinical circumstances (e.g., guest dosing, transfer of care)
- The codes describing OTP are assigned flat dollar payment amounts
 - <https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/Opioid-Treatment-Program/Downloads/CY2020-OTP-Payment-Rates.pdf>

OTP Coding and Payment

Each bundled payment is composed of a:

- Drug component
 - The typical maintenance dose determines the drug costs for each bundle
 - CMS finalized a payment of average sales price (ASP) +0 percent, when ASP data are available.
 - For methadone, CMS will use TRICARE pricing when ASP is not reported.
 - For oral buprenorphine, CMS will use National Average Drug Acquisition Cost pricing when ASP is not reported.
- Non-drug component
 - Includes payment for counseling, therapy, toxicology testing, and drug dispensing and administration
 - Uses the payment rates for similar services paid under Medicare in the non-facility setting

OTP Coding and Payment

- Add-On Adjustments
 - Bundled payment rates adjusted by using add-on codes to account for:
 - Intake activities or periodic assessments
 - Additional counseling or therapy furnished for patient that substantially exceeds the amount specified in the patient's individualized treatment plan
 - Take home dosing for methadone or oral buprenorphine is provided to a patient
- Partial Episodes
 - CMS may consider creating partial episodes in the future

Dually Eligible Beneficiaries

- Starting January 1, 2020, Medicare will be primary payer for OTP services for dually eligible beneficiaries who currently get OTP services through Medicaid.
 - Dually Eligible – Those enrolled in both Medicare and Medicaid
- The SUPPORT Act mandates all states cover OTP in their Medicaid programs effective October 2020.
 - Medicaid must continue paying Medicaid-enrolled OTP providers not yet enrolled in Medicare
 - Medicaid will recoup any payments back to effective date of the OTP provider's Medicare enrollment date

Medicare Advantage Beneficiaries

- Medicare Advantage (MA) plans:
 - Must use only OTP providers that meet the same requirements as those providing services under Medicare Part B
 - May furnish access to the OTP by direct contracting
 - Or allow enrollees access to OTP services on a non-contract basis
 - Must furnish access to the OTP benefit that is as good or better than what is available to beneficiaries in Original Medicare
- CMS will inform MA plans they should create a transition process for individuals in treatment with non-contract OTP providers so they continue to receive treatment until patient transitions to a network provider.

Submitting Part B Claims

ASCA

The Administrative Simplification Compliance Act (ASCA) requires that, as of October 16, 2003, all initial Medicare claims be submitted electronically, except in limited situations which include:

- Small Practices
 - Fewer than 10 (Part B) full-time equivalent employees (FTEs)
- Medicare Secondary Payer claims when there is more than one primary payer
- Claims submitted by Medicare beneficiaries
- Claims for services or supplies furnished outside of the U.S. by non-U.S. providers
- No electricity or communication connection lasting more than two business days.
- Providers that submit fewer than ten claims per month on average (in a calendar year)

Electronic Claims

- Submit claims to CGS electronically
 - Claims are processed according to ANSI 5010 and CMS requirements
 - May be paid as soon as 13 days after submission
 - Versus 29 days after the date of receipt for paper claims
 - Earlier detection of errors
 - Accurate payment since reduced chance of manual entry errors
 - Support personnel available to assist
 - Save money on postage and paper forms

Electronic Claims

- Complete the J15 EDI Enrollment Form
 - [https://www.cgsmedicare.com/pdf/J15 EDI EnrollAgreement2015re.pdf](https://www.cgsmedicare.com/pdf/J15%20EDI%20EnrollAgreement2015re.pdf)

Verify Patient Eligibility

Before sending claims, verify patient is eligible for Medicare Part B

- myCGS Web Portal
 - Identifies whether patient has traditional Medicare (CGS) or one of the Medicare Advantage (MA) plans
 - Also indicates if there is a payer primary to Medicare
 - <https://www.cgsmedicare.com/pdf/mycgs/chapter4.pdf>
- Part B Interactive Voice Response (IVR)
 - Also provides eligibility information
 - Save time by using the Medicare Beneficiary Identifier (MBI) and Name to Number Converter for help using your telephone keypad! https://www.cgsmedicare.com/medicare_dynamic/j15/ivr_mbi_converters/ivr_mbi_converters.aspx.

myCGS Electronic Claims

- Submit Part B claims using myCGS
 - Must have a signed Electronic Data Interchange (EDI) Enrollment Agreement on file with us.
 - When submitting a claim, be sure to have all information used when filing an electronic claim or the CMS-1500 claim form

Submitting Claims Through myCGS

myCGS eClaims Job Aid

Submitting Medicare Claims

- Part B providers can access and submit claims to CGS using the NEW claim submission form (eClaim)
 - Any Part B provider/user registered in myCGS may receive permission to submit claims
 - Even those who already submit electronic claims
- All claims submitted and received through myCGS will be processed as electronic claims
 - "Clean" electronic claims process in as few as 13 days ("payment floor")
 - "Clean" paper claims process in as few as 29 days
- eClaims are processed according to ANSI 5010 and CMS requirements
- When submitting a claim, be sure to have all information used when filing an electronic claim or the CMS-1500 claim form (http://www.cgsmedicare.com/pdf/5010_jobaid.pdf)

Accessing the Claim Submission Form

Those who have access to the Claim Submission sub-tab can submit claims securely through myCGS!

- The Provider Administrator must grant access to Provider Users
 - The Provider Administrator is the first person to register for each NEW/OTAN
- Access is granted under the Admin tab

Completing the Claim Submission Form

- Select the Claims tab to find the Claim Submission sub-tab
 - The eClaim form requires information needed to process a standard Medicare claim.

NOTE: If you select an option in error and need to change, simply click the Claim Submission sub-tab again or the Clear button located at the bottom of the form and start over. Also identify if the patient is signed up for Medicaid or crossover.

Identify whether Medicare is the primary or secondary payer for the claim being submitted.

Glossary

- Refer to this section for an explanation of the decisions CGS made on your claims.
- Contains all Group Codes, Remittance Advice Remark Codes (RARCs), Claim Adjustment Reason Codes (CARCs), and Provider-Level Adjustment Reason Codes that appear on the RA.
 - All of the RARCs and CARCs are available to you at <http://www.wpc-edl.com/reference>.

GLOSSARY: Group, Reason, MOA, Remark and Adjustment Codes

CO	Contractual Obligation. Amount for which the provider is financially liable. The patient may not be billed for this amount.
PR	Patient Responsibility. Amount that may be billed to a patient or another payer.
119	Benefit maximum for this time period or occurrence has been reached.
223	Adjustment code for mandated federal, state or local law/regulation that is not already covered by another code and is mandated before a new code can be created.
246	This non-payable code is for required reporting only.
45	Charge exceeds fee schedule/maximum allowable or contracted/legislated fee arrangement.
59	Processed based on multiple or concurrent procedure rules.
MA01	Alert: If you do not agree with what we approved for these services, you may appeal our decision. In order to be eligible for an appeal, you must write to us within 120 days of the date you received this notice, unless you have a good reason for being late.
MA18	Alert: The claim information is also being forwarded to the patient's supplemental insurer. Send any questions regarding supplemental benefits to them.
N365	This procedure code is not payable. It is for reporting/information purposes only.
WO	Overpayment Recovery

RA Message Codes

- Avoid Common Claim Submission Mistakes!
 - If you submit claims to CGS prior to approval or enrolling, you will see the following messages:
 - CARC 185: The rendering provider is not eligible to perform the service billed
 - » NOTE: Refer to the 835 Healthcare Policy Identification Segment (loop 2110 Service Payment Information REF), if present
 - RARC N95: The provider type/provider specialty may not bill this service
 - » Note: OTPs are defined by Specialty code D5
 - Group Code: CO
 - The beneficiary Medicare Summary Notice (MSN) will show:
 - MSN 26.4: This service is not covered when performed by this provider

ERA Vs. SPR

Electronic Remittance Advice (ERA) or a Standard Paper Remittance (SPR)

- The RA is available in the form of an ERA or an SPR
 - The ERA is the most convenient (PREFERRED)
 - Electronic format that can be manipulated into various reports
 - » Only print the information you need!
 - Easier to post payments and reconcile patient accounts
 - The SPR is a hardcopy document
 - Paper! Paper! Paper!
 - Standardized format that cannot be manipulated
 - Medicare Remit Easy Print (MREP) software available for FREE!

CMS Appeal Process

Appeal Levels

All parties have the right to appeal claim determinations made by CGS

Level	Time Limit	Monetary Threshold
Redetermination	120 days from the date of receipt of the initial determination	None
Reconsideration	180 days from the date of receipt of the Redetermination.	None
Administrative Law Judge (ALJ) Hearing	60 days from the date of receipt of the Reconsideration	CY 2020 Amount in Controversy (AIC) is \$170
Departmental Appeals Board (DAB) Review	60 days from the date of receipt of the ALJ hearing decision	None
Federal Court Review	60 days from date of receipt of the Appeals Board decision	CY 2020 Amount in Controversy (AIC) is \$1,670

When to File a Redetermination

- When your remittance advice identifies the following messages:
 - CARC 119: Benefit maximum for this time period or occurrence has been reached
 - RARC N640: Exceeds number/frequency approved/allowed within time period
- Group Code: CO
- The beneficiary Medicare Summary Notice (MSN) will show:
 - MSN 15.22: The information provided does not support the need for this many services or items in this period of time so Medicare will not pay for this item or service

How to File a Redetermination

- Submit Redeterminations using myCGS! (PREFERRED)
 - Allows you to upload attachments and send request electronically
 - Link to the Redeterminations form is available on the claim status screen
 - » Details of claim are pre-populated on the form
 - » Step-by-step instructions also available at https://www.cgsmedicare.com/pdf/partb_mycgs_redetermination_requests.pdf.
- Redetermination form is also an option
 - Must be completed online, then printed and mailed
 - https://www.cgsmedicare.com/pdf/partb_redeterminationform.pdf

Redetermination Vs. Reopening

Verify request should not be send as a Reopening

- Omissions or simple corrections needed to original claim
 - Transposed procedure or diagnosis codes
 - Incorrect date of service (month/day)
 - Inaccurate data entry or other minor errors
 - Utilize the Appeal Decision Tree for help determining Redetermination Vs. Reopening
https://www.cgsmedicare.com/partb/appeals/decision_tree.html.
- Must be requested within one year from the date of the initial determination
- Reopenings accepted through myCGS (PREFERRED) or paper
https://www.cgsmedicare.com/partb/forms/gateways/when_to.html
 - myCGS Reopenings are assessable from the claim status screen, and form is pre-populated with required information.
